

## AUGUST

*Cast your cares on the Lord and He will sustain you. Psalm 55:22*

School holidays begin in mid-August, but just as most of our scholars return to the village to help out in the home or on the farmland, others will start a new venture. College and university semesters begin in August. It was a disappointment to Wil and to us that he didn't quite achieve the standard required to go to medical school. His dream is to become a doctor. However, there is another

route that will eventually enable him to achieve that goal. He plans to do a three-year diploma course in Clinical Medicine. A good result will allow him at a later stage to study further and to become a doctor.

J who completed his certificate course in Electrical Installations, achieved an excellent result in his final exams. His plan now is to do a diploma course that will enable him to lecture in Electrical Installations. It has for a long time been his dream to teach.

Jo has just completed a certificate course in Building Construction. He also achieved an excellent result in his final exams. He plans to go on to study for a diploma in Civil Engineering.

We are very proud of these three boys. We have watched them grow from childhood and they have worked hard to overcome many difficulties.

Please pray for them as they start their new courses, for Brenda beginning her second year studying Business Management and Chris who is trying to get into nursing school.

May all our scholars feel the healing love of God sustaining them and giving them peace.

## IMARA- UGANDA EDUCATION FUND PRAYER LETTER - SUMMER 2019

### MAY

*The Lord is my strength, my shield from every danger. I trust in Him with all my heart. Psalm 28:7*

The school holidays will soon be over and our scholars will return to school for Term 2 and the beginning of term exams.

Please pray for the three youngsters who joined us in February. The two boys, Y and Cal, pictured at home are in Years 5 and 6 of primary school and Elizabeth is in her first year of secondary school. All three are boarding. One of our Ugandan team,

Kevin, visited the boys at school last term and reported that they had big smiles on their faces. Pray that they continue to feel settled in their new schools and have peace in their hearts and minds so that they can study and work hard to achieve their dreams.

*Lord Jesus Christ we lift to you these three children and the many like them in Uganda, orphaned or deserted by parents no longer able to care for them. We pray for all who long for a mother's arms to comfort them and a wise father to guide them. Be especially close to them so that they know your love and guidance and may there always be someone wise and loving for them to turn to as they grow towards adulthood. Amen*

## JUNE

*The Lord is faithful to all His promises and loving to all He has made. Psalm 45:13*

In January this year Kevin joined our team in Uganda, working with Moses to give valuable support and encouragement to our scholars and visiting them in their schools. We thank the Lord for them both and their commitment to Imara-Uganda. Please pray for them and their work, safety and well-being.

We have had very encouraging news from Kevin. She reports that Lydia, who has physical and mental disabilities, has settled well in her new school and has made friends. Lydia talked freely with Kevin without being prompted and this is something new. The

school will aim to find Lydia's strengths so she will achieve her full potential and grow in confidence. A real answer to prayer. We have been praying for Lydia for some time. We thank the Lord for our link with Able Child Africa and Uganda Society for Disabled Children with whose help we found a place for Lydia.

Two of our girls, Mercy and Fiona, began a three-year course in hairdressing in February. This will give them a career in which they will always find work. We look forward to hearing how they are getting on.

Evaline is in her final year of teacher training and is very enthusiastic about her course.

We feel blessed in the 25 scholars we are now supporting. Please pray for them and those who care for them at home and at school and for George in whose home they meet before the start of each term. This is a home where Belinda and Sylvia are also given a warm welcome when they visit Uganda.

## JULY

*Learn to do right; seek justice. Defend the oppressed. Take up the causes of the fatherless; plead the case of the widow. Isaiah 1:17*

The building of the resource centre at Abia Primary School is finished

and looking so good in the pictures Tom has sent! We have been working on this project for five years and it is wonderful to know the two new rooms are ready for use. The next job will be to furnish them and to put more educational resources into

the centre – more books, computers and musical instruments. The teachers are busy making a list of priorities. Praise God that this work has been possible through the generosity of Jean Ashwin and many others of our supporters who knew the difference it would make to the school. We also praise God for Tom who spent many hours turning the vision into a reality. Tom took our sketches and had them made into professional plans, purchased the building materials and organised the builders and he sent us numerous photos at different stages.

Pray that God will bless these buildings and the learning that will take place in them.

We have a much smaller project planned for the near future. Lydia's school has started to build a library but they lack the funds to complete the job. They have asked for our help. Please pray for this project too.

Sylvia and Belinda at Lydia's new school in Feb. 2019
